SERVICE OUR MOTTO

The patent office of the United States of America is an institution operated by the government at Washington, D. C., for the purpose of testing out patents. The Neurocalometer was tested at the patent office and our great United States seal of approval was stamped upon it, which means that you and I are protected, for the patent office does not give patents on fake instruments.

The government officials found that the Neurocalometer was one of the most sensitive instruments ever tested there, and that it would and did detect pressure on nerves. When I make an analysis of your condition I know to a certainty where your trouble lies, what organ or tissue is involved, what to do to make that organ or tissue normal, and when to discharge you as cured. The Neurocalometer is an instrument of mechanical precision, and the Chiropractor using it is a highly skilled specialist. When you have a reading or examination by me and I accept your case, it means that I am positively and absolutely certain that I can help you.

BOWDOIN COLLEGE

BOWDOIN COLLEGE was incorporated by the General Court of Massachusetts, upon the joint petition of the Association of Ministers and the Court of Sessions of Cumberland County. The act of incorporation was signed by Governor Samuel Adams, June 24, 1794. The legal designation of the Corporation is the President and Trustees of Bowdoin College.

The College was named in honor of James Bowdoin, a distinguished Governor of Massachusetts, of Huguenot descent. The government was from the first vested in two concurrent Boards, the Trustees and the Overseers, the upper Board initiating legislation and the lower concurring or vetoing, and since 1870 one-half of the vacancies occurring in the Board of Overseers have been filled from nominations from the body of the Alumni.

The earliest patron was the Hon. James Bowdoin, son of the Governor. He gave land, money, and apparatus during his lifetime and at his death made the College his residuary legatee. His library, collected during his residence in Europe as Minister to Spain and France, contained some 2,000 volumes and as many more pamphlets. It was rich in French literature and history and rare tracts on American history, and included almost everything in print on Mineralogy. His art collection, also bequeathed to the College, contained seventy paintings and one hundred and forty-two drawings by old and modern masters; among the paintings were the portraits of Thomas Jefferson and James Madison by Gilbert Stuart.

Circumstances delayed the opening of the College till 1802 when Rev. Joseph McKeen, D. D., was elected its first president. Seven other presidents have since held office: Rev. Jesse Appleton, D. D., 1807-1819; Rev. William Allen, D. D., 1819-1839; Rev. Leonard Woods, D. D., LL.D., 1839-1866; Rev. Samuel Harris, D. D., LL.D, 1866-1871; Gen. Joshua Lawrence Chamberlain, LL.D., 1871-1883; Rev. William DeWitt Hyde, D. D., LL.D., 1885-1917; and Kenneth Charles Morton Sills, LL.D., 1918 to date.

To the war for saving the Union, Bowdoin sent 290 men,—a larger percentage than furnished by any other college in the North; to the World War upwards of 1,200 of whom 29 made the supreme sacrifice

More than eleven thousand students have been admitted and seven thousand, three hundred and sixty-two degrees have been awarded. The living graduates number three thousand, three hundred and five.

Among the graduates have been: Henry Wadsworth Longfellow and Nathaniel Hawthorne, Henry Boynton Smith, Charles Carroll Everett, Cyrus Hamlin and Eiljha Kellogg; William Pitt Fessenden, John A. Andrew, Franklin Pierce, Melville W. Fuller, Thomas B. Reed, and William P. Frye; Oliver Otis Howard and Joshua Lawrence Chamberlain; and Robert Edwin Peary.

ACCURACY vs INACCURACY

¶ A well rated grocery store displayed a card in its window bearing the sign "Hubberson Apples."

¶ The apples were unconscious of the error in spelling Hubbardston, but the ignorance of the sign writer made the advertisement a joke instead of a trade maker.

¶ **When you misspell a customer's name, he or she cannot be as unfeeling as the apples.**

¶ Keep your trade and prestige by being careful and accurate in details of this kind. Do not commit the offense of misspelling a patron's name.

PREFACE

Volume five of the Brunswick Directory, now extended to cover Bowdoin, Bowdoinham, Harpswell and Topsham, has been produced by the most modern and complete system of compilation and should be considered a reliable authority for the information included within its scope. The towns of Bowdoin and Bowdoinham have been added to this issue, including all sections of the towns with summer as well as winter residents. The system used herein is based on a complete house to house canvass of every street and country road, supplemented by other sources of reliable information. The names of married women will be found in parenthesis with the husband's name. A street and house directory is included for Brunswick, Topsham Bowdoin and Bowdoinham, thus providing this valuable guide to the streets, a service too commonly left out of directories.

We courteously thank all who have assisted in the preparation of the Directory and especially wish to extend credit to the business firms whose patronage has been the means of producing so complete a volume.

CROWLEY & LUNT.

June 30, 1928.

IMPORTANT

BEFORE LOOKING UP A NAME, you must be sure you know how to SPELL IT....The Directory is almost invariably correct, but YOU are often led astray by trying to find your party under some name by which you may know him, but which is really not his name at all.

It becomes necessary, then, to have the full name and the correct spelling when you wish to locate a person. When you are sure you are right, go ahead. That's what the Directory tries to do.

BRUNSWICK STREET AND HOUSE DIRECTORY
1928-29

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd.. road; rep., repairer; rm., room; s. r., summer resident; st., street.

TOPSHAM STREET AND HOUSE DIRECTORY
1928-'29

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

CROWLEY & LUNT'S 1928-'29 BUSINESS DIRECTORY OF Bowdoin, Bowdoinham, Brunswick and Topsham, Maine

Four prosperous and growing towns with a population of 14,000 famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, and one of the oldest and foremost universities in the United States. Twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and trolley service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best water power sites in Maine. Pure water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, three National and two Savings Banks. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc., arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general rule) to insert names of firms, or individuals, under the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot; pg., page; r., rear; smr., summer.

‡Patrons' insertions only under these headings.
