BRUNSWICK

Brunswick, the best town in New England for residential, educational and business purposes, by reason of its history, its health record, its unsurpassed fire and police protection, its educational advantages, its favorable location for industry and its opportunities for employment, its unsurpassed water supply, its fraternal organizations and community life, its thriving churches, and its excellent highways. Brunswick is located 26 miles from Portland, 20 miles from Lewiston and 30 miles from Augusta; is on the Maine Central Railroad and the Androscoggin & Kennebec Street Railway; and on the main highway routes between western and eastern Maine, the junction point of the Atlantic Highway and International Trail automobile routes.

1. Population 7261.

2. Valuation over $5,000,000.

3. Area 28,200 acres.

4. Three national banks, two savings banks, one loan and building association, one realty association.

5. Total deposits in all banks over $5,000,000.

6. Its Maine Street has average width of over 100 feet and is considered one of the most beautiful streets in New England. Much of it paved with concrete.

7. Buildings on its 66 accepted streets furnished with water which rivals that from Poland Springs in purity.

8. Local bodies representing practically every fraternal and benevolent organization in the country.

9. Graded schools located in five buildings in thickly settled portion of town and rural districts well provided with ungraded schools.

10. Thoroughly modern high school, accommodating over 300 pupils.

11. Parochial school for Catholic population with accommodations for more than 600 children.

12. Seat of Bowdoin College, the oldest higher educational institution in Maine, organized 1794, with nearly 500 students.

13. Modern and up-to-date public library building, given in honor of one of town's old-time sea captains.

14. Eleven churches representing the leading denominations.

15. Three public parks, four playgrounds, public tennis courts, baseball field and municipal recreation features. Town noted for its beautiful shade trees.

16. Two theatres, a Town Hall, and Community House.

17. Excellent transportation facilities by steam and electric railroads and motor trucks.

18. Salt-water summer resorts within four to 16 miles of business center of town.

19. Cotton, paper, paper box, pulp, feldspar, lumber, ferrules and machinery, marble and granite, grist mill, soda and carbonated water, and other manufactories, railroad carpenter, blacksmith, signal and other departments, give employment to nearly 2000 hands.

20. Large tracts of land, adjacent to railroads, being developed for manufacturing and residential purposes.

Brunswick was first settled in 1628; was incorporated in 1738, as eleventh town in the district of Maine.

For further information address Secretary Brunswick Chamber of Commerce.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE CITY DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

CROWLEY & LUNT

BOWDOIN COLLEGE

BOWDOIN COLLEGE was incorporated by the General Court of Massachusetts, upon the joint petition of the Association of Ministers and the Court of Sessions of Cumberland County. The act of incorporation was signed by Governor Samuel Adams, June 24, 1794. The legal designation of the Corporation is The President and Trustees of Bowdoin College.

The College was named in honor of James Bowdoin, a distinguished Governor of Massachusetts, of Huguenot descent. The government was, from the first, vested in two concurrent Boards, the Trustees and the Overseers, the upper Board initiating legislation and the lower concurring or vetoing, and since 1870 one-half the vacancies occurring in the Board of Overseers have been filled from nominations from the body of the Alumni.

The earliest patron was the Hon. James Bowdoin, son of the Governor. He gave land, money, and apparatus during his lifetime and at his death made the College his residuary legatee. His library, collected in Europe during his residence as Minister to Spain and France, contained some 2,000 volumes and as many more pamphlets. It was rich in French literature and history and rare tracts on American history, and included almost everything in print on Mineralogy. Among the seventy paintings and one hundred and forty-two drawings by old and modern masters were the portraits of Thomas Jefferson and James Madison by Gilbert Stuart.

Circumstances delayed the opening of the College till 1802 when Rev. Joseph McKeen, D.D., was elected its first president. Seven other presidents have since held office: Rev. Jesse Appleton, D.D., 1807-1819; Rev. William Allen, D.D., 1819-1839; Rev. Leonard Woods, D.D., LL.D., 1839-1866; Rev. Samuel Harris, D.D., LL.D., 1866-1871; Gen. Joshua Lawrence Chamberlain, LL.D., 1871-1883; Rev. William DeWitt Hyde, D.D., LL.D., 1885-1917; and Kenneth Charles Morton Sills, LL.D., 1918 to date.

To the war for saving the Union, Bowdoin sent 290 men,—a larger percentage than furnished by any other college in the North; to the recent war upwards of 1,200, of whom 29 made the supreme sacrifice.

More than nine thousand students have been admitted and six thousand seven hundred and eighty-one degrees have been awarded. The living graduates number three thousand and fourteen.

Among the graduates have been: Henry Wadsworth Longfellow, and Nathaniel Hawthorne; Henry Boynton Smith, Charles Carroll Everett, Cyrus Hamlin, and Elijah Kellogg; William Pitt Fessenden, John A. Andrew, Franklin Pierce, Melville W. Fuller, Thomas B. Reed, and William P. Frye; Oliver Otis Howard and Joshua Lawrence Chamberlain; and Robert Edwin Peary.

The Sign Over your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE CITY DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

LET the Directory carry it home. Enlighten the Public as to who you are, where you are and what you have to sell. The Directory will keep your name before the Public all the year round.

CROWLEY & LUNT, Publishers

Barrett Everlastic Roofings

TRADE B MARK

and Specialties

FOR over sixty years we have been making roofings and other materials for farm and home. Every article on our list, therefore, may be bought with absolute assurance that it will be found thoroughly practical and reliable in every way.

EVERLASTIC MULTI-SHINGLES—Four shingles in one, each strip being as easily laid as a single shingle of any other kind. Saves labor and nails. The surface is "slated" in red or green. These Everlastic Multi-Shingles give a double thickness all over the roof, with three thicknesses where the wear is most severe. Fire-resisting.

EVERLASTIC SLATE-SURFACED ROOFING—A really splendid roofing, beautiful and artistic when laid. Slate-surfaced, yet sold in rolls. Made from the same materials as Everlastic "Rubber" Roofing with a special wearing-surface of crushed-slate particles, either red or green. Makes a fire-resisting and very durable roof.

EVERLASTIC TYLIKE SHINGLES—Same material as the Multi-Shingles, in red or green. Cut in single shingles, 8 x 12¾ in. Laid like ordinary wooden shingles and provide a triple thickness all over the roof. Make a beautiful, fire-resisting roof that will give long service.

EVERLASTIC "RUBBER" ROOFING—The most widely used of all our roll roofings, protecting hundreds of thousands of buildings all over the world. Tough, pliable, water-proof, and low in price. Very easy and economical to lay as no skilled labor is required. Nails and cement packed in each roll.

ELASTIGUM—This wonderful water-proof cement has a hundred different uses. Especially useful for mending gutters, joints around chimneys, parapets, skylights, etc. It is easy to apply, is acid-proof, damp-proof, and it sticks. Can be used in wet weather.

BARRETT'S CARBOSOTA LIQUID CREOSOTE OIL—Is the most efficient wood-preservative on the market today. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growth and insects, and resistance to the action of water and air. Its use will cut your wood-preserving bills in half.

EVERJET ELASTIC PAINT—Everjet is a high-grade carbon paint for industrial use; has no equal for protecting metal of all kinds against corrosive action of acids, alkalis, fumes, vapors, etc. Being elastic, extremes of heat or cold do not affect it. Water-proof and fire-retarding. Gives a perfect coating unbroken by pinholes or blebs. Try it.

PREFACE

Volume two of the Brunswick and Topsham Directory has been produced by the most modern and complete system of compilation and should be considered a reliable authority for the information included within its scope. Removals and changes taking place during publication are of course inevitable, but even in such cases the party searched for can invariably be identified and traced from the last address given. The system used herein is based on a complete house to house canvass of every street and country road, supplemented by other sources of reliable information. The names of married women will be found in parenthesis with the husband's name. The street and house directory has been added gratuitously by the publishers, thus providing this valuable guide to the streets, which is seldom given in the majority of directories.

We courteously thank all who have assisted in the preparation of the Directory and especially wish to extend credit to the business firms whose patronage has been the means of producing so complete a volume.

CROWLEY & LUNT.

April 15, 1922.

IMPORTANT

BEFORE LOOKING UP A NAME, you must be sure you know how to SPELL IT. The Directory is almost invariably correct, but YOU are often led astray by trying to find your party under some name by which you may know him, but which is really not his name at all. A Massachusetts City Officer wished to send a notification to Raymond Barter. A careful search of the Directory failed to locate the name, and an investigation which consumed some hours ensued. Finally the address was found. The only difficulty in the case was the fact that the City Officer did not have the correct name, which was Alonzo R. Barter, and this name was given in the Directory in its proper place, at the correct address. Was the Directory at fault?

It becomes necessary, then, to have the full name when you wish to locate a person. When you are sure you are right, go ahead. That's what the Directory tries to do.

CROWLEY & LUNT'S
BRUNSWICK STREET AND HOUSE DIRECTORY
1922–23

The system of numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—) except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

A SUGGESTION

In order to find a name in the General Directory which follows, you **must know how to spell it.** Many names, which are similarly pronounced, are spelled differently. The publishers know this and in order to help you we have used cross references from one method of spelling to another in this directory, but you must have a knowledge of the spelling to use the directory accurately.

EXAMPLES

Belanger, Boulanger
Bouchard, Boucher, Bucher
Derocher, Durocher
Desrosiers, Desrosiers
Deschaine, Deschene
Descheneux, Desjeneaux
Dion, Dionne
Douglas, Douglass
Gauthier, Gouchie
Labbe, Labbée, Lébbe, Libby
Marshall, Monzerolle
Ouellette, Willett
Woodard, Woodward, etc.

CROWLEY & LUNT'S
TOPSHAM STREET AND HOUSE DIRECTORY
1922–23

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

BUSINESS DIRECTORY OF
BRUNSWICK AND TOPSHAM, MAINE

Two prosperous and growing towns with a population of 12,000 , famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, one of the oldest and foremost universities in the United States. Twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and trolley service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best water power sites in Maine. Pure water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, three National and two Savings Banks. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc. arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general rule) to insert names of firms, or individuals, under only the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot; pg., page; r., rear; smr., summer.

* Patrons' insertions only under these headings.

*Acetylene Welding
