That is the live circulation

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is . . . . .

Name Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it hearty support.

A DIRECTORY

has a large potential "consultant use,"

easily proven to be

over a million readers a year

ON A BASIS OF 1000 BOOKS ONLY IN A DISTRICT

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Telephone book use to answer queries was investigated by a special committee of the Chamber of Commerce of a large New England city and was found to suffer by comparison signally. The telephone book had eight names, where the Directory had a full page of names.

PREFACE

Volume XI of the Brunswick Directory including Bowdoin, Bowdoinham, Harpswell and Topsham, is issued on the regular bi-ennial term. A technically improved system of compilation has been used and the information is authoritative for the district included. The names of married women will be found in parentheses with the husband's name. A street and house directory is included for Brunswick, Topsham, Bowdoin and Bowdoinham, providing this valuable guide to the streets which doubles the value of the book to the user.

The special information showing property owners is now complete in this issue—an added service without extra cost to subscribers.

We courteously thank all who have assisted in the preparation of the Directory and especially wish to extend thanks to the business firms whose patronage has been the means of producing so complete a volume.

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is . . . .

Name Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated Number 2, after newspapers, on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it heavy support.

A DIRECTORY

has a large potential "consultant use,"
easily proven to be

over a million readers a year

ON A BASIS OF 1000 BOOKS ONLY
IN A DISTRICT.

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Use of other substitute publication to answer queries was investigated by a special committee of the Springfield Chamber of Commerce and was found to suffer by comparison signally. The telephone book had eight names, where the Directory had a full page of names.

1940-'41

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave, avenue; blk, block; byd, beyond; dept, department; mnfr, manufacturer; n, near; r, rear; rd, road; rep, repairer; rm, room; s r, summer resident; st, street.

CROWLEY & LUNT'S
BUSINESS DIRECTORY
— OF —
Bowdoin, Bowdoinham, Brunswick, Harpswell and Topsham, Maine
1940-'41

Five prosperous and growing towns with a population of over 16,000; famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, one of the oldest and foremost universities in the United States, is twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and bus service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best waterpower sites in Maine. Pure Water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, one National and one Savings Bank. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc., arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general rule) to insert names of firms, or individuals, under the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot; pg., page; r. rear; smr., summer.

☞For complete Business Directory of Harpswell, see Casco Bay Directory.

BOWDOIN COLLEGE

Bowdoin College was incorporated by the General Court of Massachusetts, upon the joint petition of the Association of Ministers and the Court of Sessions of Cumberland County. The act of incorporation was signed by Governor Samuel Adams, June 24, 1794. The legal designation of the Corporation is "The President and Trustees of Bowdoin College."

Circumstances delayed the opening of the College until 1802, when Rev. Joseph McKeen, D.D., was elected its first president. Seven other presidents have since held office: Rev. Jesse Appleton, D.D., 1807-1819; Rev. William Allen, D.D., 1819-1839; Rev. Leonard Woods, D.D., LL.D., 1839-1866; Rev. Samuel Harris, D.D., LL.D., 1866-1871; Gen. Joshua Lawrence Chamberlain, LL.D., 1871-1883; Rev. William DeWitt Hyde, D.D., LL.D., 1885-1917; and Kenneth Charles Morton Sills, LL.D., 1918 to date.

More than thirteen thousand, one hundred students have been admitted, and eight thousand, seven hundred and thirty degrees have been awarded. The living graduates number three thousand, nine hundred and fifty nine.
