The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles or to get service which they have seen uniquely advertised perhaps a year before. Good lasting impressions count heavily toward success.

BRUNSWICK COAL & LUMBER CO.
COAL — FUEL OIL — LUMBER
TEL. 100

Many centuries ago, long before we had Directories, it was the custom of persons having goods for sale to stand on the street corner and tell the passers-by of their wares. The stranger looking for his friend searched from house-to-house or in the market place, crying his question until some one answered. Next came the Town Crier who, hired to seek and give information, wandered through the highways and byways ringing his bell and crying "Hear ye, Hear ye" until his mission was completed. With the growth of population this picturesque service became unsatisfactory and expensive and was abandoned for information regarding the community, gathered at stated intervals. And then, with the invention of the printing press, came the publishing of this important data!

BRUNSWICK STREET AND HOUSE DIRECTORY

1936-'37

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

BUSINESS DIRECTORY

— OF —

Bowdoin, Bowdoinham, Brunswick, Harpswell and Topsham, Maine

1936 - '37

Five prosperous and growing towns with a population of over 16,000; famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, one of the oldest and foremost universities in the United States, is twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and trolley service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best waterpower sites in Maine. Pure Water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, one National and one Savings Bank. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc., arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general rule) to insert names of firms, or individuals, under the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot; pg., page; r., rear; smr., summer.

☞For complete Business Directory of Harpswell, see Casco Bay directory.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

★

Comparisons made by a Springfield, Mass., special committee recently found that for every full page of names in the

City Directory

there were only 8 names in another - quite commonly referred to - book of reference.

The argument that there existed any substitute for a good city directory failed signally.
