**LIFE INSURANCE.**

In the Brooklyn Life Insurance Company of New York Assets over \$1,500,000 and accumulations increasing. Issues every desirable form of Life and Endowment Policies. No restrictions upon travel or residence.

The only Company in the country which guarantees definite CASH SURRENDER VALUES in case a Policy is forfeited for non-payment of premium, and endorses the amount of the same in dollars and cents on each Policy when issued.

Which Company is the most Liberal and Equitable in its Dealings with Policy-holders?

This Table, compiled from the Official Reports to the Insurance Department of New York, for 1869, shows the average amount of money paid AS A SURRENDER VALUE to policy-holders for each \$1,000 of Insurance lapsed, surrendered, or forfeited during the year 1868.

NAME OF COMPANY.	AVERAGE SURRENDER VALUE.
BROOKLYN LIFE, of New York.....	\$32 33
Equitable Life, ".....	8 96
Globe Mutual, ".....	2 31
North America, ".....	11 77
Knickerbocker, ".....	26 81
New York Life, ".....	20 56
Widows' & Orphans' Benefit, of New York.....	16 41
Manhattan, of New York.....	22 84
Washington, ".....	7 38
John Hancock, of Massachusetts.....	9 52
Universal Life, of New York.....	2 53
Continental, of New York.....	17

In this important test THE BROOKLYN LIFE shows results of far greater beneficence to its Policy-holders than the other companies; while it alone of all the Companies above-mentioned, guarantees to pay a definite amount in dollars and cents as a Surrender Value.

This old (21 years) and well-established Institution commends itself to every business man in Maine. It makes no extravagant promises, which any school-boy could prove of impossible performance, but its record is well written, and will prove to all that prudence and economy as well as a wise choice of risks, have characterized its whole management. We refer with confidence to the above figures.

Forty per cent. loan is allowed on ordinary table rates; but on the new *low rates* all cash is required.

Dividends apportioned annually, upon the "contribution plan," and paid every year after the second.

We would respectfully urge upon every man who contemplates insuring, to see or correspond with us before committing a serious error by patronizing some other company.

We take pleasure in presenting to the Business Men and citizens generally the SECOND NUMBER of the BATH, BRUNSWICK and RICHMOND DIRECTORY. No expense, whatever, has been spared to make such a book, if possible, as would be creditable to ourselves and an honor to the City and Towns represented.

The three places have been canvassed by reliable agents, the book is printed with new type and bound substantially, and we do not hesitate to say that it will be found as correct as it is possible to publish a work of this kind.

We especially call the attention of the public to our ADVERTISING DEPARTMENT, where they will find the ADVERTISEMENTS of the *enterprising business men* of the three places. We bespeak for them your patronage.

We extend our thanks to the citizens, generally, and to the business community, in particular, for the favors which have been so liberally bestowed upon us, and the very cordial manner with which we have been treated while obtaining the information for said work.

Respectfully, &c.,

S. G. JONES & CO.,

# NEW ENGLAND MUTUAL LIFE INSURANCE COMP'Y, BOSTON.

One of the Oldest, Safest, Cheapest Companies  
IN THIS COUNTRY.

**EXACT JUSTICE TO ALL INSURED.**

—o—  
Average Expenses to Total Receipts, 9 1-2 per cent.

Average Ratio of Dividends to Total Premium Receipts, over 28 per cent.

—o—  
Every form of Policy Non Forfeitable for full amount of Insurance from date of issue.—Exact Justice to all Insured.—Not a Dollar can be lost by Forfeiture.—Massachusetts Law Protects all Insured in Massachusetts Companies. Under this law no Policy can be forfeited until its value is worked out in insurance. No one understanding this Statute will forego its advantages.

Dividends are paid at the end of the first year, and annually thereafter, on the contribution plan.

There are no STOCKHOLDERS to share in the profits.—hence the policy-holder gets insurance at its exact cost in the Company.

The average expenses for the past twenty-six years have been but 9 1-2 per cent of its entire receipts.

Of the New England, the last *Spectator*, the most impartial and reliable Insurance Journal in the country, says, under the head of expenses:—"This is one of the most conservative and prudently managed Companies in the country. Its habitual economy is no less remarkable than the sterling integrity of its managers."

No Intelligent Agent of another Company ever speaks ill of the New England.

The conclusion to which careful investigation and unbiased judgment will lead one, IS, THAT THERE IS NOTHING DESIRABLE IN LIFE INSURANCE WHICH MAY NOT BE SECURED BY A POLICY-HOLDER IN THE NEW ENGLAND COMPANY.

---

ASSETS, OVER \$5,500,000.

---

**Life and Endowment Policies** issued on all the popular plans. It offers **age, security, cheapness,** and everything that is desirable in Life Insurance.

It is the only **old** company that will insure railroad employees of all classes without extra premium.

Its ratio of losses are lower than any company of equal age in the United States.

It has insured 50,000 lives. It is insuring 9,000 persons annually.

It has an income of \$2,500,000 annually, which is securely invested for the benefit of policy-holders.

It averages nine per cent interest for its large accumulations.

It pays as large a dividend as **any** company in the country, and larger than many.

A company, in short, whose members may rest in perfect confidence that their interests will be carefully guarded, and the amount of their insurance go down as a joy and a blessing to their families.

Men of integrity wanted to act as agents in all parts of Maine. Apply to

1. **It is Purely Mutual**, because all the profits of the Company are divided among the insured.
2. **Dividends are Annual**, payable on all Cash Premiums, on *first* renewal, and on Loan Premiums, on fourth renewal.
3. **Its Dividends are made on business principles.** Each Policy holder receives the benefit of each payment, and of the time his capital has been in the Company, precisely as every well-conducted business house divides its profits among its partners.
4. **All Policies may be made Non-forfeitable** on Annual Premium Life Policies, after three years, and on all others, after two years.
5. **Mutual Premiums.** All cash rates lower than those of a majority of the companies in the United States. Half note rates as low as safety will admit.
6. **Nearly all restrictions removed from its Policies.** No extra charge for railroad employees. No extra charge for insuring the lives of females.
7. **It does not limit travel as other Companies do.** Its Policies allow the insured to travel and reside in any part of the United States and Europe, at any and all seasons of the year, without extra charge.
8. **Dividends settled with Policy.** In the settlement of all Mutual Policies, a dividend will be allowed by the Phoenix Mutual, for each year on which the insured has received no dividend. The number of dividends will always equal the number of outstanding notes.
9. **Its Charter affords the fullest legal security to its Insured.** It issues Policies for the benefit of married women, beyond the reach of their husbands. Creditors may also insure the lives of debtors.

# W. H. CARPENTER, M. D.,

LATE OF MAINE,

Has purchased the residence, and located permanently for practice at

**No. 15 Rollins Street, - - BOSTON;**

(LEADING FROM 1132 WASHINGTON STREET.)

Dr. C. devotes his Time and Attention Exclusively to the Scientific Treatment and Cure of

**CATARRAH,**  
AND

**All Diseases of the Eye, Ear, Throat & Lungs.**

## SPECIAL NOTICE.

Previous to locating in Boston, Dr. C. for five years confined his practice to a few of the leading cities of Maine, but many and earnest solicitations from sufferers in Massachusetts and neighboring States have induced him to locate in Boston, which is so situated as to be easily reached from any portion of New England. The certificates attached are genuine and received not from a great distance, but from where they can be readily investigated by writing or otherwise, as the names and addresses are given in full. Hundreds of others can be seen at Dr. C.'s residence, or his circular will be sent upon application.

*Testimony of Mr. F. C. Coller of Augusta.*

[From the Gospel Banner, Augusta.]  
AUGUSTA, Sept. 26, 1866.

I suffered from Deafness and discharge from my ear six years, but Dr. Carpenter prescribed for me last winter, and after applying his remedies three months, I found myself entirely cured and remain  
FRANKLIN C. COLLER.

*Testimonial of Miss C. F. Cobb, Augusta.*

[From the Gospel Banner.]  
I was afflicted with diseased eyes several years, and was fast losing my sight—could not read or sew a few minutes at a time—was unable to see across the room in the evening, and my eyes were much inflamed. All I doctored for them was of no benefit, until by the advice of friends I consulted Dr. Carpenter in July, 1867. A course of his treatment cured them perfectly. I have had no return of the disease and can now see as well as ever.  
C. F. COBB.

Augusta, March 12, 1869.

*Testimonial of Mr. H. G. Pitcher, Bangor.*

Dr. Carpenter, Dear Sir:—Your treatment of my eyes in 1868 was a perfect success. They remain well and are much better than you gave me reason to expect, and much better than I supposed they ever could be.  
H. G. PITCHER.  
Bangor, Jan. 13, 1870. 104 Ohio St.

*Certificate of Mrs. F. A. Lewis, Belfast.*

[From the Belfast Age.]  
It is with heartfelt gratitude that I write this certificate. I have been gradually growing deaf for the last ten years, and during the past four or five years have suf-

fered much from noises in my head, have been totally deaf in one ear, and was able to hear so little with the other that I was unable to sustain any part in ordinary conversation, and it was a source of continual annoyance, both to my friends and myself. I have been obliged to absent myself, to a great degree, from church and society on that account. I tried many popular remedies, and consulted eminent physicians of this city and Boston, without relief, and was almost convinced that I must remain deaf, but on consulting Dr. Carpenter at the New England House, in 1864, I was induced to place myself under his treatment, which restored me to my natural hearing. I can now hear a watch tick six feet from either ear. I am sixty-four years of age. Any person interested can see me by calling at my residence on High Street. I earnestly and cordially recommend those similarly afflicted to consult Dr. Carpenter.

Mrs. F. A. LEWIS.

We have been acquainted with Mrs. Lewis many years, and know that she was deaf and now hears, and believe the above statement to be correct.

Rev. C. PALFRY, Past. of 1st Par., Belfast.

W. M. RUST, Editor Belfast Age.

Belfast, Nov. 27, 1866.

*Testimonial of Mr. A. G. Blunt, Waterville.*

[From Waterville Mail.]

This may certify that Dr. Carpenter in 1864, cured me of deafness and discharge of the ear of 17 years standing, and my ears remain cured. I had been doctored by many eminent physicians without relief.

A. G. BLUNT.

Waterville, Me., Jan. 14, 1869. [Over.]

TESTIMONIALS TO DR. CARPENTER—CONTINUED.

*Testimonial of Mrs. J. R. Bicknell, Bangor.*  
[From the Bangor Whig and Courier.]

Bangor, June 15, 1869.

I suffered from deafness and disagreeable noises in my left ear about fifteen years, and it had become so deaf as to be of no help to me in hearing. My right ear was fast becoming deaf, and my nerves and general health were much affected thereby. But reading of Dr. Carpenter's cures I applied to him at the Bangor House in October, 1865, and thanks to his skill, under his care the noises have entirely ceased, and my hearing is perfectly restored in both ears, and remain so.

MRS. J. R. BICKNELL,  
72 Broadway.

*Chronic Catarrh of 20 Years' Standing  
Permanently Cured.*

[From the Maine Farmer.]

From gratitude to Dr. Carpenter, and to inform others suffering from that terrible disease, Catarrh, that they can be cured, I make this statement.

I suffered from Catarrh over 20 years, to my constant annoyance and the detriment of my general health. When I placed myself under Dr. C.'s care, in January, 1865, I had frequent and copious discharges, a bad cough, and my health so much reduced in consequence, that myself and friends were apprehensive of serious consequences, but Dr. Carpenter's remedies cured me, and I am now well and free from Catarrh.

W. N. SOULE.

Corner of Court and Sewall streets.

Augusta, Me., May 5, 1869.

Mr. Soule was formerly a resident of East Boston, where he is well known.

*Testimonial of Mr. Charles Perley, Bangor.*  
[From the Bangor Whig.]

Bangor, Feb. 18, 1869.

I was deaf from infancy, and when I consulted Dr. Carpenter, about a year ago, I had become very deaf and at times was scarcely able to hear at all, but I am thankful to say that a course of Dr. C.'s treatment restored my hearing so I have no trouble in hearing ordinary conversation, and can hear almost as well as any one. I

think but for Dr. C.'s skill and kindness should have become entirely deaf and un-  
for business. I reside in the house of  
Mr. H. G. Fitcher's store on Ohio street  
CHAS. PERLEY

*Testimonial of A. R. Greenough, Esq.*  
*Proprietor National Hotel, Bangor.*

[From the Bangor Whig.]

Dr. Carpenter cured me of catarrh  
1865, that was so severe as to threaten  
speedily put an end to my existence, and  
remain cured to this date. Would recom-  
mend Dr. C. to all similar sufferers.

A. R. GREENOUGH

Bangor, Me., March 5, 1870.

*Testimonial of S. B. Brewster, Esq.*

[From the Gospel Banner.]

Skowhegan, Me., May 12, 1868.

Dr. Carpenter, My dear sir:—When  
applied to you in 1865, my son and daugh-  
ter were both afflicted with Chronic  
tarrh, arising from Scrofula; they were  
bad cases. My daughter was unable  
breathe through her nose at all, and  
were very anxious about her, fearing  
might terminate unfavorably; but I  
most happy to inform you that the re-  
dies you prescribed performed a per-  
and permanent cure in both cases, they  
remaining well until this day.

Should you desire to make this pa-  
you are at liberty to do so.

Very respectfully yours

S. B. BREWSTER.

*Testimonial of Miss Lizzie W. Palmer*  
*Rockland.*

Rockland, Feb. 25, 1868.

I suffered from deafness and noises in  
head 15 years, and was under the care  
eminent physicians without benefit, and  
when I consulted Dr. Carpenter in 1866  
could not hear church bells ring. A course  
of his treatment removed the noises and  
restored my hearing so that I can hear  
watch two feet from my ears. Any per-  
interested can enquire at my father's,

# WALKER'S FURNACE.

VARIOUS SIZES PORTABLE.

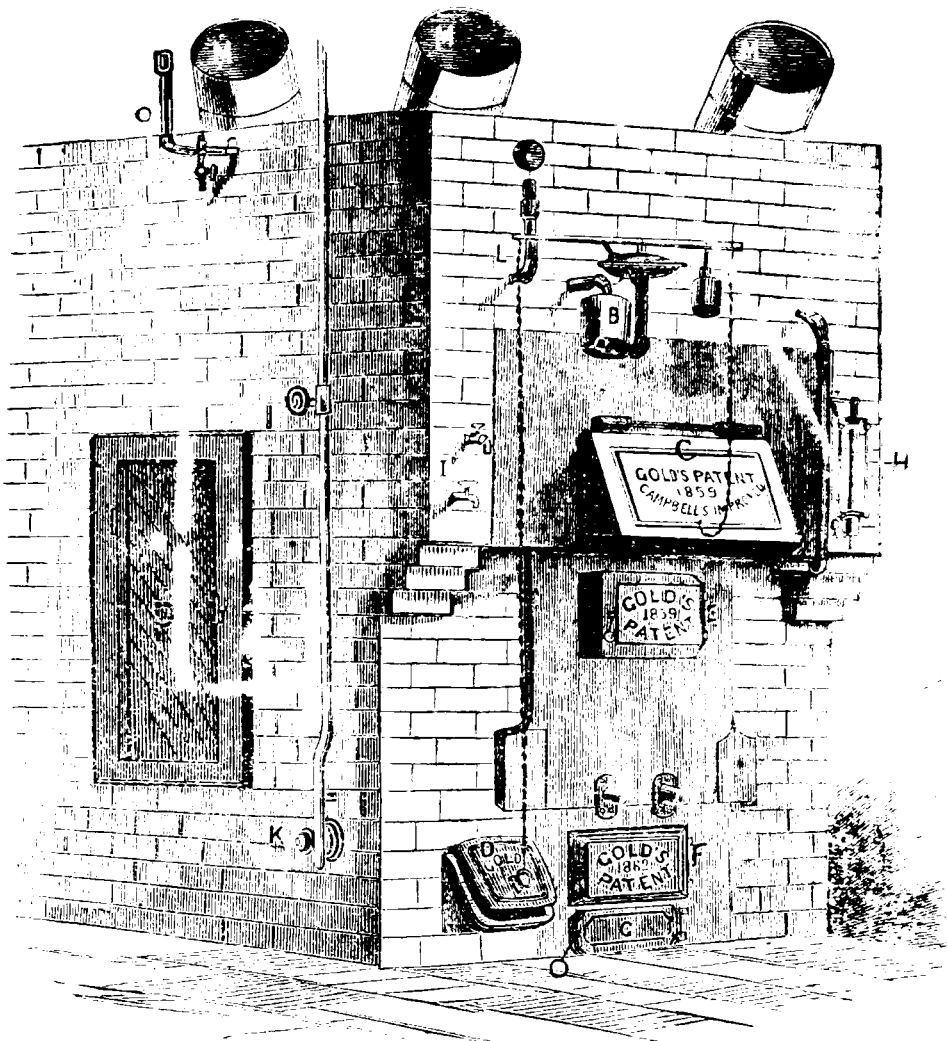

THREE SIZES BRICK.

This Furnace is constructed upon a new and improved principle. The products of combustion pass across the upper and lower chambers in such a manner as secures economy of fuel and a more equal distribution of heat to their surfaces. Its spacious shifting chamber and receptacle for ashes make it very desirable in every respect. It is provided with double self-packing joints, thus avoiding the escape of gas and dust. The form of its surfaces insures equal expansion on great desideratum, and prevents the opening of joints and warping.

We hope it will be your pleasure to examine this Furnace before purchasing another kind.

B. B. Foster, M. D., Demonstrator of Anatomy.

Dudley A. Sargent, Director of the Gymnasium.

Bowdoin College was established in 1794 by act of Legislature of Massachusetts, and named in honor of the Bowdoin family. It was endowed by grant of five townships in Maine, and by gifts of Hon. James Bowdoin, afterwards U. S. Minister Plenipotentiary to Spain, of money and

lands. Mr. Bowdoin, also left to the College at his death his valuable library and collections of paintings. The College went into operation in 1802. Graduated its first class in 1806. The first building erected was Massachusetts Hall, on ample grounds south of the village fronting on Main street, one fourth of a mile, since enclosed with a hedge and border of shrubbery, and adorned with elms, maples and other trees. The first President was Rev. Joseph McKeen, D. D., who died in 1807. He was succeeded by Rev. Jesse Appleton, D. D., 1807 to 1819; Rev. William Allen, D. D., 1820 to 1839; Rev. Leonard Woods, D. D., 1839 to 1866; Rev. Samuel Harris, D. D., 1866—present incumbent. Present buildings are Massachusetts Hall, long used as a medical and Chemical Hall, now occupied by the Cleaveland Cabinet, Treasurer's office, and an Astronomical Lecture room; Winthrop, Maine, and Appleton Halls: Adams Hall devoted to the uses of the Medical School and the Professors of Chemistry and Natural Science; the Gymnasium; the Chapel, a noble edifice of granite, containing the Chapel proper, the College Library, Bowdoin Gallery, and Library of the Maine Historical Society; the Memorial Hall, a beautiful granite structure, now in process of erection by the alumni, the exterior of which is finished, and the President's Mansion on Federal Street.—all of brick excepting the Chapel, and Memorial Hall, granite, and President's Mansion, wood.

Number of volumes in College Library, 16,538; Medical, 3,550; Peucinian, 6,850; Athenæan, 5,650. Total, 32,538.

Two funds, the Lawrence and the Lord, yield about \$600 per year for the assistance of students depending upon their own means alone. The Brown Memorial Scholarship, established by Hon. J. B. Brown, of Portland, gives \$50 per year to the best scholar in each class who shall have graduated from the Portland High School. A prize of \$30 is given in the Senior year for best English composition; one of \$30 in the Junior year; one of \$10 in the Sophomore year for best declamation; one of \$25 for excellence in Greek in the Sophomore year, and one of \$25 for excellence in Latin for the same year. A prize of \$60, established by a donation of \$1,150 from the class of 1868, will be awarded annually to the author of the best written and spoken oration in the Senior Class.

#### THE MAINE MEDICAL SCHOOL,

Connected with the College, was established in 1821, and

by an act of the Legislature is placed under the superintendence and direction of the Boards of Trustees and Overseers of Bowdoin College. By the joint authority of these two Boards all the degrees of M. D. are conferred.

The New Medical College, now completed, affords most ample accommodations for every department of the School.

**THE LIBRARY.**—The Medical Library, attached to this School, is one of the best in the United States. It contains principally modern works, which have been selected with much care; and is annually increasing. It embraces an extensive and valuable collection of Plates, among which are the works of Albinus, Baillie, Bateman, the Bells, Breschet, Bright, Carswell, Cloquet, Cooper, Cruveilhier, Home, Hooper, Lizars, Maygrier, Scarpa, Seerig, Swan, Tiedeman, Vicq d'Azyr, Weber, &c., &c.

**ANATOMICAL CABINET.**—The Anatomical Cabinet was purchased in Paris; and many of the preparations were there made under the direction of the late Professor Thillaye.

Many wet preparations have, however, been added from year to year. Its valuable specimens of Morbid and Comparative Anatomy are also constantly increasing; so that every department of practical Anatomy can now be fully demonstrated from this collection.

**CHEMISTRY.**—The Chemical Department embraces every article of Apparatus essential to a complete illustration of the principles of Chemistry. This course also includes a very full exhibition of the principles of Common and Galvanic Electricity, Electro-Magnetism, and Magneto Electricity, with numerous experiments.

Lectures will also be given to the Medical Class on those departments of Natural Philosophy, which are especially connected with Medical Science.

**SCIENCE CLASS.**—By a recent act of the Trustees and Overseers, provision has been made for advanced studies in Natural History, Physics, and Applied Chemistry. The Experimental and Analytical Laboratories in Adams Hall are furnished with gas for illuminating and heating purposes, furnace work, etc., with steam as a motive power for machinery, affording an abundant supply of distilled water.

The Apparatus for Demonstration and Analysis embraces every article necessary to a full exhibition of the principles of Modern Chemistry and for its convenient application to agriculture and the arts.

The three terms of study correspond to the terms of study in the collegiate year.

**SURGERY.**—An extensive and valuable collection of Instruments and Apparatus has been provided for the department of Surgery; which will be completed by the Professor in this Department. Frequent opportunities for witnessing Surgical operations will be afforded.

All operations in the presence of the Medical Class will be performed *without charge*. It is considered important that this fact should be extensively made known to the public.

The advantages offered by this College for acquiring a thorough education in all departments of Literature and Medical Science, are believed to be equal to any similar Institution in the country.

It will be the constant aim of the Faculty ever to make it worthy of the favorable consideration of the Sons of Maine, and one they may always feel justly proud to claim as their *alma mater*.

Present number of students—Medical, 87; College, 127. Total, 214.

The success of the EMPIRE MUTUAL LIFE INSURANCE COMPANY has been unequalled. WHY NOT? Its management is able, economical, and reliable.

Mark the Liberal and Strong Features of the Empire.

ALL POLICIES NON-FORFEITABLE.

All Policies *incontestable* for any cause, excepting fraud.

All restriction on *Travel* and *Residence* removed, and no permits required, experience and statistics proving them to be unnecessary, while they are vexatious and expensive to the insured; and no EXTRA CHARGE FOR WOMEN, or any class of ordinary risks.

No accumulation of interest increasing annual premiums.

Dividends on the *Progressive Plan*, and also upon the *Guarantee Interest Plan*. These are declared annually.

The EMPIRE leads in the simple justice of *incontestable* policies in case of suicide, death for crime, or by accidental cause of any kind.

It has also adopted the Massachusetts law in full.

## The Great Remedies of the Age!

### Hunnewell's Universal Cough Remedy.

For all throat and Lung Complaints. Small Bottles, 25 cents; Large do., 50 cents.

### Hunnewell's Tolu Anodyne.

The Great Remedy for Asthma, Neuralgia, Pains in Menstruation, and all Nervous Complaints. 50 cents per Bottle.

### Hunnewell's Eclectic Pills

Cures all Derangements of the Stomach or Bowels, without the slightest griping, a point the importance of which cannot be over estimated. The dose, a single pill, never more than two, and so very small, make them most valuable in every family. 25 cents per Bottle.

### Hunnewell's Consumptive Remedy.

By the most careful comparison of this distressing complaint with the chances of relief, or a permanent cure, I am satisfied that the above named preparation, which has been fully tested in detail with the various phases of what are called CONSUMPTION, or CHRONIC NERVOUS COUGH, that it is not only perfectly adapted, but that the complaint has at last found a CONQUEROR. I can only assure such that cases can be referred to where they were declared incurable, which have all the promises of a long life as ever, and with confidence to use it, or correspond with me. Price \$1.00 per Bottle. Six Bottles, \$5.00. Carefully packed to send by Express. Dealers supplied, with the usual discount.

For Mending

Glass Ware, Marble,

Stone Ware, and

CROCKERY,

Parian Specimens,

Stone Venering.

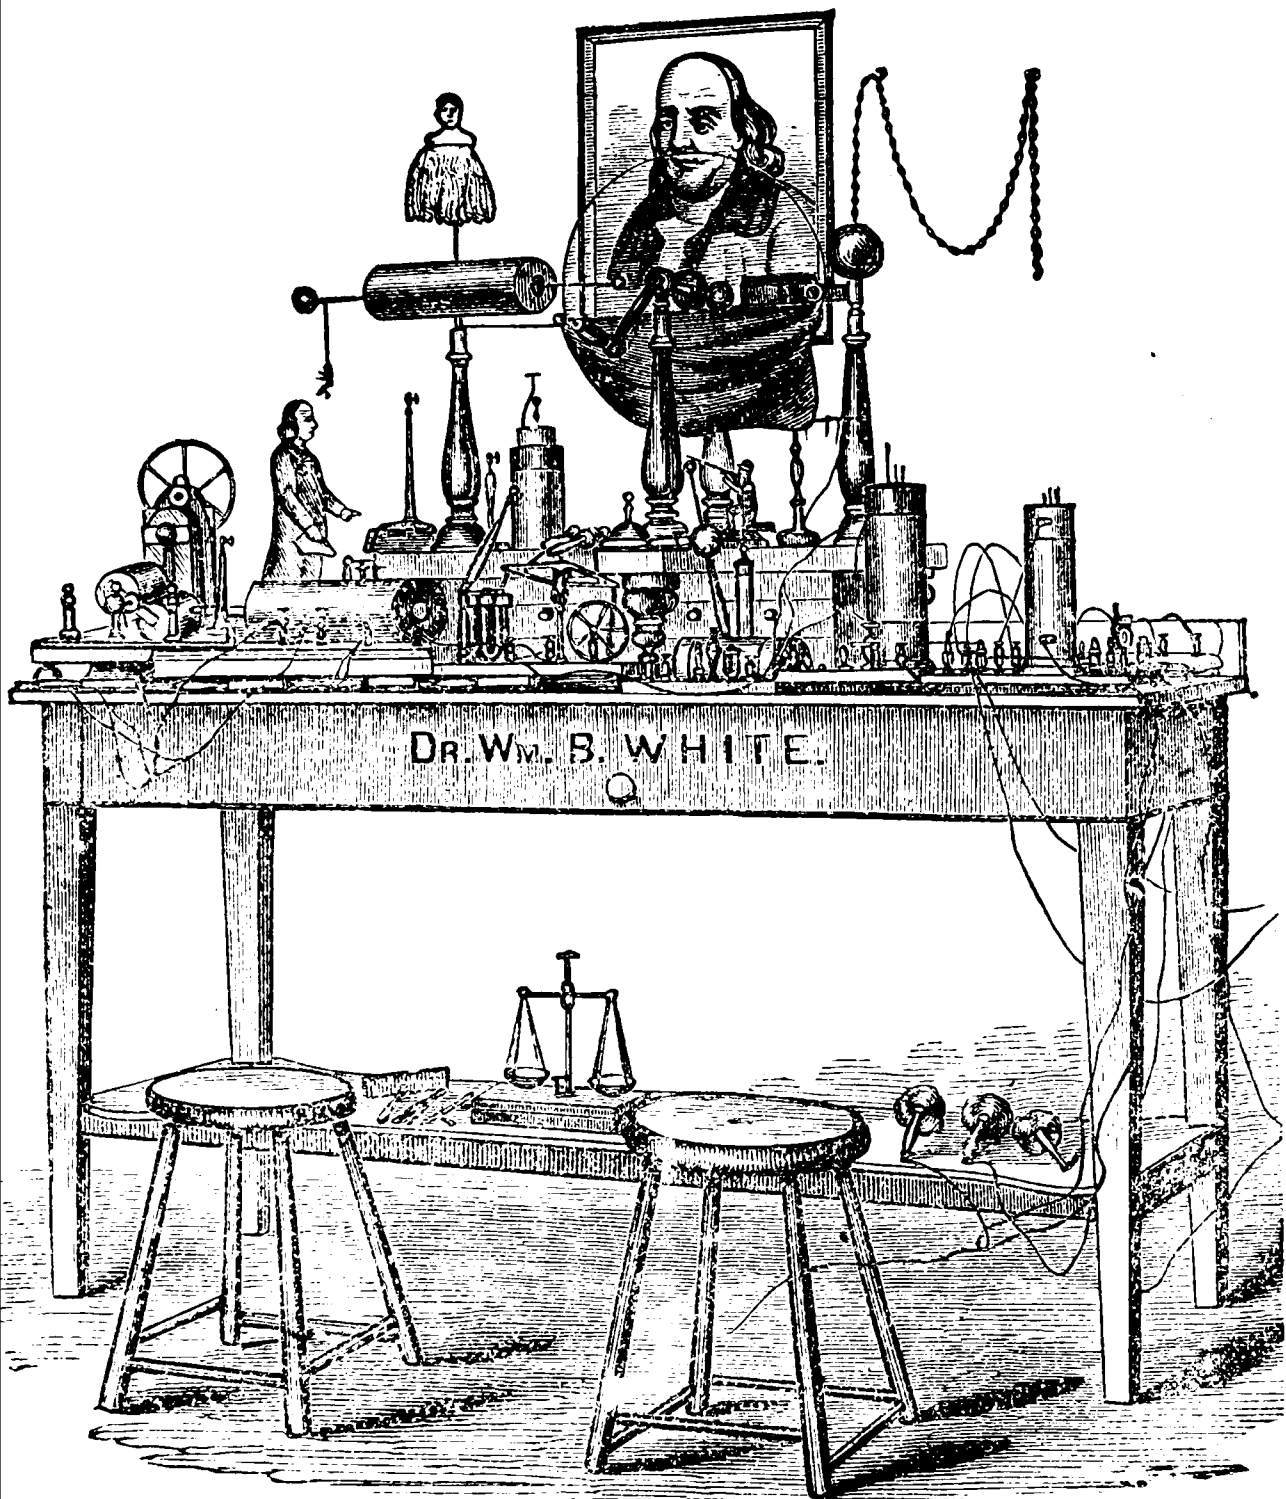

PRICE 30 CENTS,

By Mail 35 cents.

This celebrated Cement has been known for years among artists for its great strength, and, until quite recently, confined to their use. So perfect is it adapted to the wants of every family, mending the hardest ware and smoothest fractures, and so perfectly colorless, that with care in cleansing the fractures, the broken pieces can be put together without being noticed by the most practised eye.

**Paring, Coring and Slicing**  
**MACHINE,**

Takes only THREE TURNS of the crank to pare, and four turns to pare, core and slice an ordinary sized apple.

**It Does it All at Once.**

It will pare without slicing if desired.

Dried Apple sells two cents per pound higher, when sliced with this machine than when quartered.

**Price, \$1.50.**

---

**UNION APPLE PARER.**

The Union Apple Parer is so constructed that the knife pares going both ways, *thus saving time without increasing the speed of the apple.*

It throws the parings from the machine.

It will not scrape over a hard or bruised apple.

It is very thorough in its construction.

**Price, \$1.00.**

**STONE DRAIN & WATER PIPE**

North End of Deering's Bridge.

J. M. Winslow, Treas. J. E. Winslow, Supt.

We desire to call the attention of the public, cities and corporations to the following report. The figures given is the average pressure upon each square inch of the pipe :

OFFICE OF SUPERINTENDENT OF SEWERS, CITY HALL, BOSTON, SEPT. 1, 1869.

Test of Portland Drain Pipe.

12 inch, 78 lbs. per square inch. 8 inch, 120 lbs. per square inch. 4 inch, 255 lbs. per square inch.  
 10 inch, 120 lbs. per square inch. 6 inch, 200 lbs. per square inch.

Witnessed,

WM. H. BRADLEY.

It will be seen by the foregoing report that our Drain Pipe resists a pressure per square inch far greater than any other pipe manufactured, and it is also alike impervious to acids or other chemical agencies, and unharmed by the elements.

Glazed Stone Ware Pipes are used almost exclusively for sewerage purposes by all the large cities in this and for ign countries.

Our Pipes are of extra thickness. Equal to the best English imported. Warranted indestructible. Made from pure Fire Clay, and Glazed with L.

## THE PORTLAND CEMENT DRAIN PIPE CO.

MANUFACTURE BY STEAM POWER

### HYDRAULIC CEMENT DRAIN AND WATER PIPE,

For WELL-SIDES, it keeps out all surface water. For SEWERS, it keeps free from deposits, and never decays. For CULVERTS, it is cheap and durable. For CHIMNEYS, it takes less space and costs less than brick. For WATER-PIPES, it is the best, if you desire pure water. For DRAINS, it has a moist surface, and grease does not adhere to it, as it does to dry surfaces, and acids of sewers do not affect it, but it grows harder with age, as is proved by over thirty-five years of use.
