S. A. WILBUR.

Messrs. S. & W. have the entire product of my quarries, for twenty-five years known as "Brownville"
or "Bangor Maine Slate," the standard slate of New England; awarded a Silver Medal by the Mass. Char-
itable Mechanic Association; and the "Centennial Medal" the Highest Awards to Roofing Slate. As my
quarries are the only ones making this peculiar quality, architects, builders and others, by specifying
"Merrill's No. 1, Brownville, Me. Slate," may protect themselves against inferior kinds.

 LAMP POSTS, &c., &c.

Office, 54 Kilby, corner Water Street,
 BOSTON.

This Company beg leave to call the attention of Cities and Towns wanting a Superior Street Light to their facilities for furnishing the same. Being owners and lessees of valuable patents used in this business, which together with the low price of fuel, enables them to guarantee a light exceeding in brilliancy and cheapness of price anything heretofore attempted. They particularly call the attention of all interested to the fact that the light supplied by this company is permanent, not subject to being easily extinguished by the wind or by defects in the lanterns, a matter of great importance in lighting streets. Contracts made for one, three or five years, as competitors may desire.

The long experience of the officers of this Company in lighting streets with gasolene warrants their promising faithful work and prompt attention.

PREFACE.

FOUR years having passed since our last issue, we here-
with present No. 5 of the regular series of the BATH,
BRUNSWICK AND RICHMOND DIRECTORY to our patrons,
with the confidence of its welcome reception by them,
as well as by the public generally.

As cities grow in importance and population, the direc-
tory increases in value, as a book of reference, until large
cities could not possibly get along without their
annual publication. A good directory is a great benefit
to a place, not only to the citizens, but to strangers
and visitors, who are constantly referring to its pages for
information of some kind. We also often receive orders
from distant parts of the country for our directories, which
shows that their circulation is not necessarily limited to
the cities they represent.

We wish especially to call the attention of persons using
the directory, to the importance of knowing the precise
spelling of a name, before looking for it, as names, pro-
nounced the same, but spelled in various ways, will appear
on different pages, and at quite a distance from each other.

	1876	1880	Increase.

Our agents have received the usual courteous attention
from all with whom they have come in contact, while ob-
taining the information for this number, and with many
thanks for the same,

We remain, very respectfully,

W. A. GREENOUGH & CO.,

CERTIFICATE OF ANALYSIS.

To **T. J. SOUTHARD & SON**, Richmond, Maine.

The sample of Spring Water marked Richmond Mineral Spring Water, received from you, submitted to me for examination, contains in solution in one U. S. Gallon,

Silica,	1.22 grains.	Carbonate of Soda,	2.35 grains.
Sulphate of Potash,	1.27 "	Inorganic Matter,	7.63
Sulphate of Lime,	.52 "	Organic Matter,	.94
Chloride of Sodium,	.56 "	Total Residue,	8.57
Carbonate of Lime,	1.71 "		

The water is very pure, and would be classed as an Alkaline one.

Respectfully,

S. P. SHARPLES, *State Assayer.*

so delightful and satisfying to the ear, is as perfect as at first, and in every detail care and nicety in labor are evident.

The remarkable beauty and purity of sound that modern skill has succeeded in producing, are nowhere better exemplified than in the instruments that crowd our warerooms. All the qualities that give superiority, strength of tone, sonorousness, ability to stand in tune, and ease and flexibility of action, are found there in perfection. These Pianos have long been famous, also, for thorough workmanship, and the durability that characterizes them. After years of service, the full mellow tone and nicety in labor are evident.

Pianos sold on Installments. Old Pianos taken in exchange for new. Pianos to let. Pedal Pianos.
Tuning and Repairing done in the best manner.
