BRUNSWICK

BRUNSWICK, the best town in New England for residential, educational and business purposes, by reason of its history, its health record, its unsrpassed fire and police protection, its educational advantages, its favorable location for industry and its opportunities for employment, its unsurpassed water supply, its fraternal organizations and community life, its thriving churches, and its excellent highways. Brunswick is located 26 miles from Portland, 20 miles from Lewiston and 30 miles from Augusta; it is on the Maine Central Railroad and the Androscoggin & Kennebec Street Railway! and on the main highway routes between western and eastern Maine, the junction point of the Atlantic Highway and Internatioaal Trail automobile routes.

1. Population about 9,000.
2. Valuation over $5,000,000.
3. Area, 28,200 acres.
4. Two national banks, with savings deposits and one savings bank, one loan and building association, one realty association.
5. Total deposits in all banks nearly $6,000,000.
6. Its Main Street has average width of over 100 feet and is considered one of the most beautiful streets in New England. Practically all of it paved with concrete.
7. Buildings on its 66 accepted streets furnished with water which rivals that from Poland Springs in purity.
8. Local bodies representing practically every fraternal and benevolent organization in the country.
9. Graded schools located in six buildings in thickly settled portion of town and rural districts well provided with ungraded schools.
10. Thoroughly modern high school accommodating over 300 pupils.
11. Parochial school for Catholic population with accommodations for more than 600 children.
12. Seat of Bowdoin College, the oldest higher educational institution in Maine, organized 1794, with 500 students.
13. Modern and up-to-date public library building, given in honor of one of town's old-time sea captains.
14. Eleven churches representing the leading denominations.
15. Three public parks, four playgrounds, public tennis courts, baseball field and municipal recreation features. Town noted for its beautiful shade trees.
16. Excellent fire and police protection.
17. Excellent transportation facilities by steam and electric railroads and motor trucks.
18. Salt-water summer resorts within four to sixteen miles of business center of town.
19. Cotton, paper, paper box, pulp, feldspar, lumber, ferrules and machinery, marble and granite, grist mill, soda and carbonated water, and other manufactories, railroad carpenter, blacksmith, signal and other departments, give employment to nearly 2,000 hands.
20. Large tracts of land, adjacent to railroads, being developed for manufacturing and residential purposes.

Brunswick was first settled in 1628; was incorporated in 1738, as eleventh town in the district of Maine.

Excellent stores, shopping center of this locality.

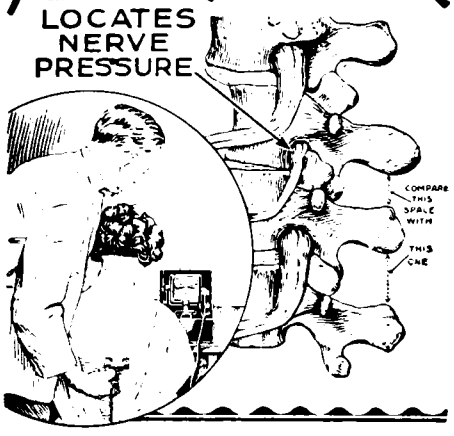

Ski jumps, skating rinks for winter sports.

Excellent gilf course. First Maine tournament, April 19th.

The NEUROCALOMETER

For every disease there must be a cause. Since the nervous system controls the body, that cause is found to be a weakness somewhere in the nervous system. The Neurocalometer is a most delicate instrument which locates this weakness, which Chiropractic adjustments eliminate, and health is the result.

I am beginning my 7th year of successful practice. Hundreds of people in Brunswick and vicinity are a living example and proof that Chiropractic restores health when all other methods fail.

Bowdoin College

BOWDOIN COLLEGE was incorporated by the General Court of Massachusetts, upon the joint petition of the Association of Ministers and the Court of Sessions of Cumberland County. The act of incorporation was signed by Governor Samuel Adams, June 24, 1794. The legal designation of the Corporation is the President and Trustees of Bowdoin College.

The College was named in honor of James Bowdoin, a distinguished Governor of Massachusetts, of Hugenot descent. The government has been, from the first, vested in two concurrent Boards, the Trustees and the Overseers, the Trustees initiating legislation and the Overseers concurring or vetoing. Since 1870 one-half the vacancies occurring in the Board of Overseers have been filled from nominations from the body of the Alumni.

The earliest patron was the Hon. James Bowdoin, son of the Governor. He gave land, money and apparatus during his lifetime and at his death made the College his residuary legatee. His library, collected during his residence in Europe as Minister to Spain and France, contained some 2,000 volumes and as many more pamphlets. It was rich in French literature and history and rare tracts on American history, and included almost everything in print on Mineralogy. His art collection, also bequeathed to the College, contained seventy paintings and one hundred and forty-two drawings by old and modern masters; among the paintings were the portraits of Thomas Jefferson and James Madison by Gilbert Stuart.

Circumstances delayed the opening of the College until 1802 when Rev. Joseph McKeen, D.D., was elected its first president. Seven other presidents have since held office: Rev. Jesse Appleton, D. D., 1807-1819; Rev. William Allen, D. D., 1819-1839; Rev. Leonard Woods, D. D., LL.D., 1839-166; Rev. Samuel Harris, D.D., LL.D., 1866-1871; Gen. Joshua Lawrence Chamberlain, LL.D., 1871-1883; Rev. William DeWitt Hyde, D. D., LL.D., 1885-1917; and Kenneth Charles Morton Sills, LL.D., 1918 to date.

To the war for saving the Union Bowdoin sent 290 men, — a larger percentage than furnished by any other college in the North; to the World War upwards of 1,400, of whom 29 made the supreme sacrifice.

More than eleven thousand, three hundred students have been admitted, and seven thousand, five hundred, and sixty-two degrees have been awarded. The living graduates number three thousand, three hundred and ninety-four.

Among the graduates have been: Henry Wadsworth Longfellow, Nathaniel Hawthorne, Franklin Pierce, and Robert Edwin Peary.

POOR SPELLING PUTS DOUBLE WORK ON WHITE HOUSE STAFF

WASHINGTON, June 17, 1929—The White House came to the conclusion today that there was room for improvement in its spelling.

When the nomination of Frederic A. Tilton as third assistant postmaster-general was sent to the Senate a "letter K" was added to the first name. In that form the nomination was subsequently confirmed by the Senate. But, so far as the government in general and the Postoffice Department in particular are concerned, there is no such person as Frederick A. Tilton.

Subsequently the whole procedure must be gone through again and the White House today prepared a new nomination with the name correctly spelled for transmittal to the Senate.

PREFACE

Volume six of the Brunswick Directory, now extended to cover Bowdoin, Bowdoinham, Harpswell and Topsham, has been produced by the most modern and complete system of compilation and should be considered a reliable authority for the information included within its scope. The system used herein is based on a complete house to house canvass of every street and country road, supplemented by other sources of reliable information. The names of married women will be found in parenthesis with the husband's name. A street and house directory is included for Brunswick, Topsham, Bowdoin and Bowdoinham, thus providing this valuable guide to the streets.

We courteously thank all who have assisted in the preparation of the Directory and especially wish to extend credit to the business firms whose patronage has been the means of producing so complete a volume.

CROWLEY & LUNT.

August 1, 1930.

IMPORTANT

BEFORE LOOKING UP A NAME, you must be sure you know how to SPELL IT. The Directory is almost invariable correct, but YOU are often led astray by trying to find your party under some name by which you may know him, but which is really not his name at all.

It becomes necessary, then, to have the full name and the correct spelling when you wish to locate a person. When you are sure you are right, go ahead. That's what the Directory tries to do.

CROWLEY & LUNT'S
BRUNSWICK STREET AND HOUSE DIRECTORY
1930-'31

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

POOR SPELLING PUTS DOUBLE WORK ON WHITE HOUSE STAFF

WASHINGTON, June 17, 1929—The White House came to the conclusion today that there was room for improvement in its spelling.

When the nomination of Frederic A. Tilton as third assitant postmaster-general was sent to the Senate a "letter K" was added to the first name. In that form the nomination was subsequently confirmed by the Senate. But, so far as the government in general and the Postoffice Department in particular are concerned, there is no such person as Frederick A. Tilton.

Subsequently the whole procedure must be gone through again and the White House today prepared a new nomination with the name correctly spelled for transmittal to the Senate.

TOPSHAM, MAINE STREET AND HOUSE DIRECTORY

1930-'31

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash(—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

BUSINESS DIRECTORY OF
Bowdoin, Bowdoinham, Brunswick and Topsham, Maine

Four prosperous and growing towns with a poulation of 14,000 famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, one of the oldest and foremost universities in the United States. Twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and trolley service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best water power sites in Maine. Pure water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, two National and one Savings Banks. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc., arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general) to insert names of firms, or individuals, under the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot, pg., page; r., rear; smr., summer.
