Great Island Road - - Brunswick, Maine

Many centuries ago, long before we had Directories, it was the custom of persons having goods for sale to stand on the street corner and tell the passers-by of their wares. The stranger looking for his friend searched from house-to-house or in the market place, crying his question until some one answered. Next came the Town Crier who, hired to seek and give information, wandered through the highways and byways ringing his bell and crying "Hear ye, Hear ye" until his mission was completed. With the growth of population this picturesque service became unsatisfactory and expensive and was abandoned for information regarding the community, gathered at stated intervals. And then, with the invention of the printing press, came the publishing of this important data!

The impression that we are "well known" or that "everybody knows us" is a common fallacy of the mind. Experts have studied the actual facts by practical questions aimed at the public. Their finding is this: The best known business man is only one-half as well known as he thinks he is.

Do not let this fallacious reasoning take a toll from YOUR business—advertise it.

PREFACE

Volume VIII of the Brunswick Directory including Bowdoin, Bowdoinham, Harpswell and Topsham, has been produced by the most modern and complete system of compilation and is guaranteed authoritative for the information included within its scope. The system used herein is based on a complete house to house canvass of every street and country road, supplemented by other sources of reliable information. The names of married women will be found in parentheses with the husband's name. A street and house directory is included for Brunswick, Topsham, Bowdoin and Bowdoinham, providing this valuable guide to the streets which doubles the value of the book to the user.

The special information showing property owners is new in this issue—an added service without extra cost to subscribers.

We courteously thank all who have assisted in the preparation of the Directory and especially wish to extend credit to the business firms whose patronage has been the means of producing so complete a volume.

CROWLEY & LUNT.

April 2, 1934.

IMPORTANT

BEFORE LOOKING UP A NAME, you must be sure you know how to SPELL IT. The Directory is almost invariably correct, but YOU are often led astray by trying to find your party under some name by which you may know him, but which is really not his name at all.

It becomes necessary, then, to have the full name and the correct spelling when you wish to locate a person. When you are sure you are right, go ahead. That's what the Directory tries to do.

The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles which they have seen uniquely advertised perhaps a year before. Good, lasting impressions count heavily toward success.

STREET AND HOUSE DIRECTORY

1934 - '35

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a (0). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash(—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

STREET AND HOUSE DIRECTORY

1934 - '35

The system for numbering the streets of the town is as follows: Starting at the beginning of a street or avenue, the even numbers will be found on the right side and the odd numbers on the left side. Heads of families and persons in business are shown in the order of their location on each street. Houses on country roads without numbers are shown by a cipher (o). Railroad crossings, street intersections, bridges, etc., are usually shown by a dash (—), except when a number is given for them.

ABBREVIATIONS—Ave., avenue; blk., block; byd., beyond; dept., department; mnfr., manufacturer; n., near; r., rear; rd., road; rep., repairer; rm., room; s. r., summer resident; st., street.

BUSINESS DIRECTORY OF

Bowdoin, Bowdoinham, Brunswick, Harpswell

and Topsham, Maine

1934 - '35

Five prosperous and growing towns with a population of over 16,000; famed for wide streets, beautiful homes and picturesque environment. Brunswick, widely known as the seat of Bowdoin College, one of the oldest and foremost universities in the United States, is twenty-eight miles from Portland and 143 miles from Boston, with excellent railway connections and trolley service to all points in New England. Seacoast is on Casco Bay with wonderful views and wooded shores. An ideal manufacturing center. Situated on the Androscoggin River, a few miles from Bath, on one of the best waterpower sites in Maine. Pure Water—abundant electric power, cheaper than steam. Industrial content. Superior educational advantages, with modern school buildings. Excellent banking facilities, one National and one Savings Bank. Interesting inducements to manufacturers. Live Chamber of Commerce.

The following is a classified list of all Trades, Professions, etc., arranged alphabetically. In this list the towns are arranged alphabetically as well as the names in each town.

NOTE especially that it has been found essential (as a general rule) to insert names of firms, or individuals, under the ONE heading which best represents them, except in the case of patrons, when extra insertions are sometimes made.

Numbers after address indicate the Rural Delivery number and unless otherwise specified this means the rfd from the town itself.

Abbreviations:—B., Brunswick; L. F., Lisbon Falls; Pej., Pejepscot; pg., page; r., rear; smr., summer.

☛For complete Business Directory of Harpswell, see Casco Bay directory
